Subject: Microsoft Settlement

Please complete the proposed settlement as soon as possible. I strongly believe this is in the best interests of our country's freedom to innovate and to help our economy pull out of recession. I believe these lawsuits were motivated by Microsoft's competitors who are trying to "rob" Microsoft of their rewards for producing outstanding products that have propelled our technology growth over the last decade.

Again, please do not stand in the way of an economic recovery and freedom to innovate with new products. Complete the proposed settlement now and let's move on.

Thank you,
John Cattell
